TITLE: School Day Schedule for Regular, Minimum, Shortened, and Banked-Time Days

NUMBER: BUL-1918.0

ISSUER: Ronni Ephraim
Chief Instructional Officer, Elementary Instructional Services

Robert Collins
Chief Instructional Officer, Secondary Instructional Services

DATE: August 17, 2005

PURPOSE: The purpose of this bulletin is to provide guidelines for the elementary and secondary instructional school day for regular, minimum, shortened, and banked time days. Additionally, the definition of the instructional time and the length of the day are defined as mandated by the provisions of SB 81 and current District policy.

MAJOR CHANGES: This bulletin provides extensive information enhancing bulletin No. 1357 titled Request for Approval of Minimum and Shortened Day Schedules dated October 20, 2004 and Memorandum No. 1647.1 titled Professional Development Banked Time Days Grades 1-12 dated June 20, 2005. The content has been updated to reflect the 2005-2006 UTLA/LAUSD Bargaining Agreement reflecting all regular, minimum day, shortened day, and banked time day instructional minutes. A list of contact persons with their telephone numbers has been added.

GUIDELINES: I. DEFINITIONS OF INSTRUCTIONAL TIME

A. Actual Classroom Instruction

Actual classroom instruction is any regularly scheduled classroom activity offered under the direct supervision of a properly credentialed teacher employed by the school District for the number of minutes established by the District. Only time during which courses are available to all pupils is counted when determining instructional time offered.

B. Actual Passing Time

Actual passing time is not to exceed 10 minutes between classes of

like programs and is allowed for those pupils changing instructors and/or courses when determining instructional time. Passing time must be equal between all classes and every day of the week. One passing time is authorized as instructional time for the periods on either side of the lunch and nutrition break, but the passing time must be distinct from the actual lunch and nutrition period and pupils must return to an instructional activity.

C. Recess

Education Code Section 46115 specifically includes recess within the school day applicable in kindergarten. Recesses, thus, may be considered instructional activity for kindergarten. Otherwise, recess or other nutritional periods are not considered instructional activities. Lunch may not be counted as an instructional activity.

D. Homeroom/Advisory

Homerooms may be considered instructional activities and counted as instructional time if those activities are under the immediate supervision and control of a properly credentialed teacher and pupils are regularly assigned with their attendance recorded and reported as part of the daily program schedule.

E. Activities which are not counted as Instructional Time

1. Any activity for which statutorily authorized fees for admission charges are paid by pupil.
2. Suspension or expulsion.
3. Lunch periods and other recess (Grades 1-12) or nutritional periods for pupils in Grades K-12.

II. LENGTH OF INSTRUCTIONAL DAY

A. Base Minutes.

The following reflects the base number of minutes prior to the implementation of the first negotiated Professional Development Banked Time program. The additional minutes are added to these base minutes to determine the instructional minutes for the various schedules identified in this bulletin.

Single and four-track elementary schools are to add 9 minutes to the base number of minutes to implement Professional Development

Banked Days. Three-track elementary schools are to add 10 minutes to the base number of minutes for PD Banked Days. Single and four-track secondary schools are to add 7 minutes to the base number of minutes to implement Professional Development Banked Days. Three-track secondary schools are to add 8 minutes to the base number of minutes for PD Banked Days.

VI. BANKED TIME TEACHER ON-SITE OBLIGATIONS

The 2005-2006 UTLA/LAUSD Bargaining Agreement reduced the number of Professional Development Banked Time Tuesdays to 26 days for elementary schools and 14 days for secondary schools. Since the number of professional development days has been reduced, the number of minutes to be banked is concomitantly reduced. Using your current bell schedule, there will be one less minute banked for elementary and secondary schools. One minute will be added to the preparation time for teachers, thus resulting in one less minute for the current instructional day.

Teachers will have the following onsite obligations before and after school.

- Single-Track and Four-Track Schools
Minutes Before () the Instructional Day and
Minutes After [] the Instructional Day
 - Pre-K (30) [10]
 - AM/PM Kindergarten (30) [10]
